Bridges Arrived.

The bridge for Walters' Ferry arrived here Monday and is being hauled out for erection. The Bridge for Rosslyn is also on the ground. The Rosslyn bridge will be put up first and then work on the Walters' Ferry bridge will commence. It will take about three weeks work on each bridge to complete them. The company experienced great difficulty in getting the two tubes for the opposite side of the river over on account of the deep mud on the river banks.

W. F. Barnett and Claude Carr have purchased and had shipped from Cincinnati "Maud Hee Haw" the famous kicking mule. Nothing equals this mule when it comes to a kick. This mule will be on free exhibition July 4th.

The supper set by the Presbyterian ladies Friday night for the benefit of the church was a success, about \$25.00 being realized. These ladies are noted for their generosity by giving a liberal quantity for your money's worth.

A big line of new and up-to-date Post Cards at the Drug Store. They were the first ones to introduce these cards here.

County Sunday School Convention.

The annual convention of the County Sunday School Association will be held at Clay City, Ky. A strong program is being prepared, and every effort will be made to make this the best convention ever held in the county. Rev. E. A. Fox, State worker, will represent the State work. He is thoroughly conversant with every detail of Sunday School work and his talk will be practical and helpful. Some of the best local talent will also be utilized.

The secretary is now gathering reports from the Sunday Schools of the county, and every superintendent should send in his report and contribution promptly. Each school in the county should appoint one or two delegates to represent the school officially. In addition to these, as many others as possible should attend. Look for program in next issue of this paper.

For any information address the county president, Jas. W. Woolery or the county secretary, Miss Mollie Johnson, Clay City, Ky.

No Indictment Found.

The grand jury adjourned without making an indictment against anyone for cutting Claude Sons in this city some few weeks ago. Sons has gotten well, and there seemed but little disposition to prosecute. No evidence could be gotten before the grand jury to make an indictment so the offender or offenders will go free.

Thanks to Bro. White.

Editor J. E. Burgher, of the Clay City Times, attended the Press Association. Had there been a prize offered for the "Typical Country Editor," he certainly would have carried it off. We are not knocking Clay City when we say that Bro. Burgher could get out a lively paying sheet in a lonesome graveyard.—Estill Herald.

Announces for Jailor.

In this issue of the TIMES Mr. John P. Gaylord announces for Jailor of Powell county, subject to the action of the Democratic party. Mr. Gaylord is a man well qualified and suitably fitted for the place, and is deserving of support. Mr. Gaylord is a good citizen, a sober man and has never held an office. Democrats should kindly consider his claim.

Will Return to Kentucky.

T. J. Wright, who sold out and moved to Butler, Mo., five years ago, has sold his farm there and will have a sale of his personal property and at once move back to Kentucky to reside. Mr. Wright is a good citizen and we extend to him a hand of welcome.

We had the pleasure of stopping with our friend and advertising patron the Hon. F. A. Lyon, at the Ninaweb Inn Beatyville two days last week. This famous hostelry is the finest and best equipped of any in Eastern Kentucky and under Mr. Lyon's management this hotel is doubly popular.

Our Road Proposition.

Our roads are miserable; we must have better ones. Every citizen in the county is stirred up over this vital question. Our present road working system is ineffective, so something must be done. The best way to proceed to get these good roads occurs to us is to organize a "Good Road Association." Let's get the very largest membership possible in the county, meet often or until we can devise some plan to surely get much better roads, then stick together and push the measure through. With a united effort of the citizens of the county something in this direction can be done. It is now up to us, and we should act at once.

The little infant child and twin daughter of Mr. and Mrs. B. M. McPherson passed away at their home in this city Saturday. Burial Sunday afternoon at the Hoskins grave yard. The bereaved parents have the sympathy of a large circle of friends.

To Build Paper Mill.

A plan to build a big paper factory in Kentucky on the co-operative plan was seriously considered at the meeting of the Ken-

tucky Press Association at Estill Springs. The idea is to supply every paper in Kentucky with white paper and thus reduce the price nearly one-half. The Association adjourned after the most successful meeting ever held.
